Teaching-Track Faculty Positions in Operations Management

The Department of Information Systems, Business Statistics and Operations Management (ISOM) at the HKUST Business School, is seeking applicants for a teaching-track faculty position (open rank) in Operations Management, expected to begin in July 2024.

Candidates should have a PhD degree (or near completion) in Operations Management or other closely related disciplines, and have a strong record or demonstrate a strong competence in both teaching and applied research.

The Operations Management group of the department offers undergraduate, MSc and PhD programs, and offers courses for the school's MBA, EMBA, and DBA programs. The department web site is http://www.bm.ust.hk/~isom.

Applicants should submit a cover letter, curriculum vitae (CV), teaching evaluation and two selected research papers, and arrange three reference letters to be submitted by the writers. All materials should be submitted via email to Prof. Qing Li at omrecruit@ust.hk.

Meetings will be arranged during the INFORMS Annual Meeting in Phoenix, October 15 to 18, with selected candidates who submit their applications by **October 3, 2023**. Applicants are requested to specify if they will attend the INFORMS Annual Meeting this year.
